Access World News for Research

This comprehensive news collection is ideal for exploring issues and events at the local, regional, national and international level. Its diverse source types include print and online-only newspapers, blogs, newswires, journals, broadcast transcripts and videos. Use it to explore a specific event or to compare a wide variety of viewpoints on topics such as politics, business, health, sports, cultural activities and people. Content is easily searched and sorted through an intuitive, man-based interface.
