How to Backup the Data

Learn how to backup the data.

Written By: Mirai

INTRODUCTION

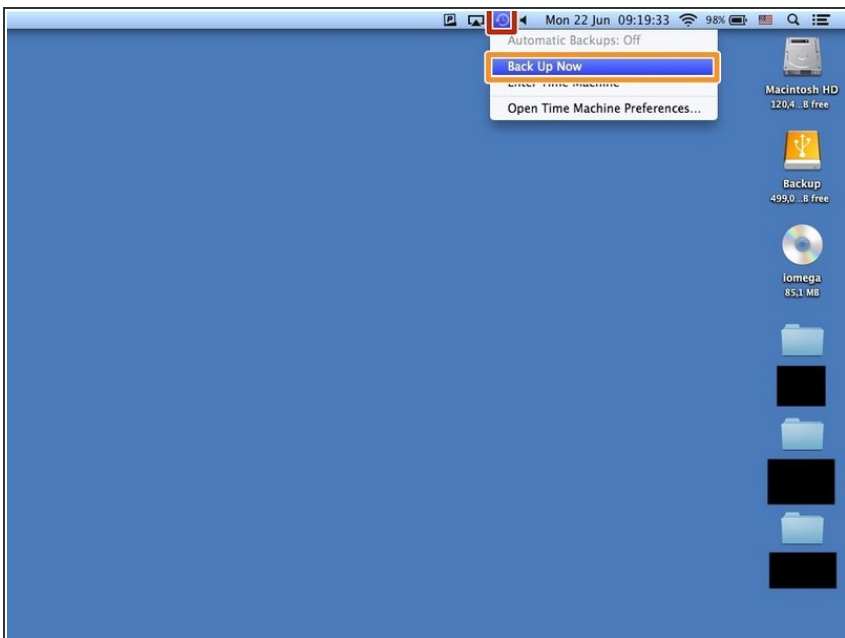

Learn how to backup the data.

Step 1 — Connecting Hard Drive

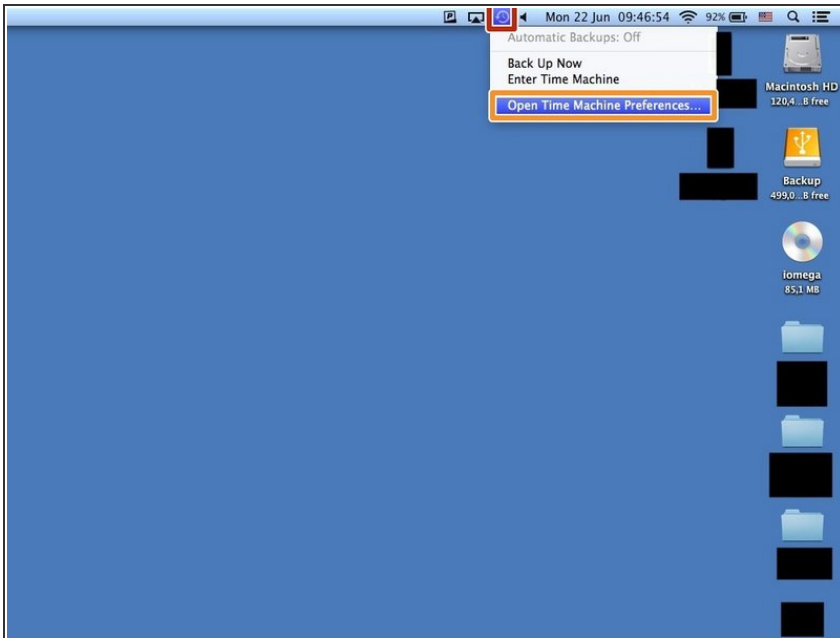

- Connect the USB connector (it said SS on the top of the USB connector) into the USB port

Step 2 — Backing Up

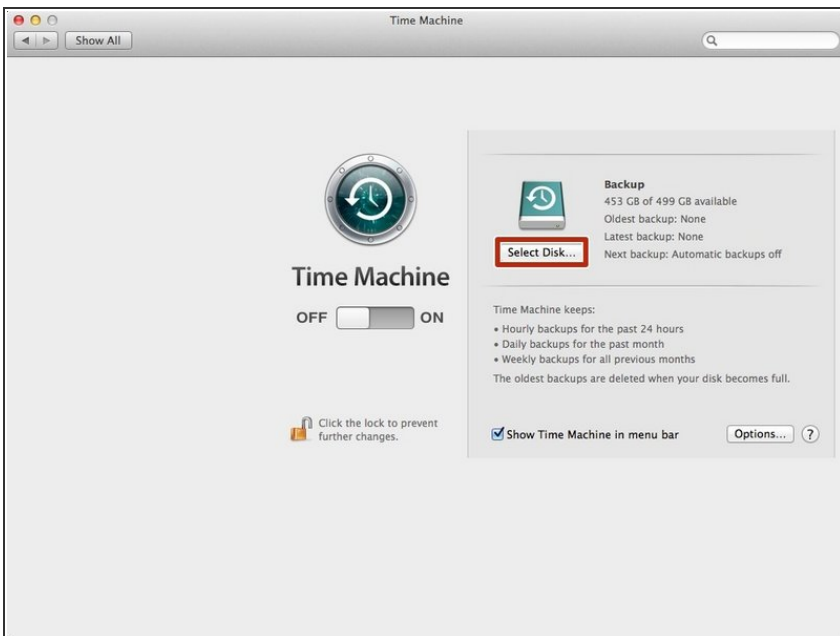

- Click "Time Machine" icon
- Click "Back Up Now" then it's start backing up.

Step 3 — If It Doesn't Say "Back Up Now"

- Click "Time Machine" icon
- Click "Open Time Machine Preferences"

Step 4 — Selecting Disk

- Click "Select Disk..." and then click "Backup". Then you can do Step 2.
